Dear Mr. Weisberg;

You will recall our little telephone conversation last Tuesday night when I was in Washington. Enclosed please find $1.50 for your interesting data, which I hope to receive as soon as possible.

I agree with your attitude toward our news media concerning this affair, and only wonder that the enclosed bit from our Cleveland Press of Sept 22 was able to appear at all. Perhaps it was only published in the first edition of the afternoon. This does not exclude anti-Castro Cubans from firing the shots, but does suggest to me

might have been behind it.
I hope you will drop me a line
or give me a call and tell me
what you think of this.

Sincerely yours,
Sterling N. Pope
